BOARD OF HIGHER EDUCATION  

PROPOSED RULES:  
COLLABORATIVE BACCALAUREATE DEGREE DEVELOPMENT GRANT PROGRAM  

This item seeks Board approval of the proposed rules to administer the new Collaborative Baccalaureate Degree Development Grant Program. Pursuant to Public Act 96-535, the Illinois Board of Higher Education (IBHE) is to adopt any rules that are necessary for the implementation of the grant program. Moving forward with these proposed rules will ensure that the IBHE is prepared to administer the program when funds become available.

This new grant program aligns with Goal 1 of the Public Agenda for College and Career Readiness, increase educational attainment. When funded and fully implemented, this program will help to expand baccalaureate completion opportunities for adult learners through partnerships between two- and four-year institutions. Surveys conducted by the Illinois Community College Board show that community colleges continue to indicate a need for baccalaureate completion programs on or near the campus. This is especially true for those colleges serving place-bound students who are unable to travel long distances due to job, work, and family responsibilities.

Once approved by the Illinois Board of Higher Education, the proposed rules will be submitted to the Secretary of State for publication in the Illinois Register. The Illinois Administrative Procedures Act specifies a three-step process for the proposal and adoption of administrative rules: (1) initial Board approval; (2) a publication and public notice period including a period for review by the staff and members of the legislative Joint Committee on Administrative Rules; and (3) final adoption by the Board. Final presentation is scheduled for the October 2011 Board meeting.
